<b>Available Fittings:</b>	
Road Bike Fitting (Existing Road Bike)	\$75.00
Road Bike Fitting (Fit Bike)	\$150.00
Tri Bike Fitting (Existing Tri Bike)	\$150.00
Tri Bike Fitting (Fit Bike)	\$200.00
<b>What does a Fitting include?</b>	
All bicycle fittings include the basic requirements of validating the correct size frame, positioning the rider on the bike with the correct knee angle, hip angle and shoulder angle. This is performed with direct rider feedback and input to insure maximum rider comfort and sustainable positioning.	
<b>What type of Fitting do I need?</b>	
Find out more about our fitting philosophy and our fitting system by talking to a trained member of the staff.	
<b>All Fittings by appointment only:</b>	
<b>Above pricing does not include any additional parts that may be required:</b>	
<b>Come prepared to spend from one to three hours for your Fitting depending on the type of Fitting required:</b>
